Columbia, MD 21046-1609

SUBJECT: **End Product Model Difference Attestation**

FCC ID: **O6QMETA84X**

Brand/Trade Name: VEGA Grieshaber KG

Model Number: VEGAMET Air 841 / VEGAMET Air 842

We, VEGA Grieshaber KG, hereby declare that our end product includes VEGAMET Air 841 / VEGAMET Air 842 as listed above. The above listed models are electrically and mechanically identical. The intention of these models is only for managing either one LORA measurement input channel paired with one 4-20mA output channel (Vegamet Air 841) or two LORA measurement input channels paired with two 4-20mA output channels (Vegamet Air 842). The radio and antenna components are identical for both products.

Family Certification Guidelines

Recommended template for each Product Version in a family

Product Version Information	
PMN	
HVIN	
FVIN	
IC ID	
1. Describe the non-RF boards, and circuitry differences (if applicable). 2. Describe the RF boards and circuitry differences (if applicable). 3. Describe the exterior casing and color differences (if applicable). 4. If no differences, provide the reason(s) for obtaining multiple PMN(s)/HVIN(s)/FVIN(s). 5. If family contains multiple versions for marketing purposes, detail the marketing detail differences such as names of distribution chains, packaging information, labeling information, etc... 6. If submitting multiple versions for future intro on market, provide future market launch plans and why not postponing certification of product versions not ready for market. 7. If chosen PMN or HVIN are already on the market in other countries but the devices are not identical to what is provided in the Canadian application, provide justification. 8. Provide internal & external photos for each product version. 9. Provide manual and product labels for each product version.
