Notice_content

Question #1: This satellite receiver is equipped with 408.5 receiver which requires to comply FCC DoC or Certification procedures per section 15.101(a) of FCC rules. The receiver portion is under FCC equipment class of CYY: Communication receiver used w/Part 15 transmitter, the TV interface portion is under FCC equipment class of HID . This satellite receiver with remote receiver will require to file as composite device application to cover CYY and HID equipment class. By filing and certifying as composite device, this Satellite receiver with remote receiver will same one FCC ID number (O6ZDTC210) for two equipment classes (CYY and HID). Two TCB grants will

be issued under same FCC ID number. One is for CYY and the other one is for HID.

By filing composite applications, two TCB assessment fee will be charged.
Please confirm that you agreed with above assessment.

Question #2: Please provide operational description which is required for CYY application.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
