

VIDEO RECORD — Capture everything in video! Record your child's first step or make a mini-movie. After you record a video, organize it on your computer and play it back anytime. It really is that simple!

SNAPSHOT — Just one click of the snapshot button and images are quickly and easily captured. You can organize the snapshots in your own digital photo album, email them to your friends or family, or print them onto photo quality paper.

PHOTOIMPRESSION — An easy-to-use photo editing program for everyone! Users can edit, enhance, retouch or add special effects to any image with just a couple of clicks. Make greeting cards, calendars, or sticky pictures with ease using our complete package of frames, borders, stamps, shapes and Photo Fantasies.

IMAGE GALLERY — Organize all of your images with this easy to use software application. Cut, copy, delete and then paste images between different work folders.

12. Shell Program

The Shell is a user-friendly software management program that integrates all of *AlphaCam Plus*' into one easy to use application. It is the starting page for any AlphaCam activity.
