

KP78C User Manual

1. Plug in four AAA batteries to the battery housing of the keyboard.
2. Plug the dongle to a computer.
3. On the keyboard, turn the ON/OFF switch to the ON side.
4. Put the keyboard close to the dongle. On the keyboard, press Fn + Esc to enter pairing mode. After few seconds, the keyboard is paired to the dongle. (If the keyboard is already paired to the dongle, user can skip this step).
5. User can type on the keyboard and move finger on the touchpad to use it. On the computer, user should see the typed words and cursor move.
6. After used, user can turn the ON/OFF switch to the OFF side.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

7. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

8. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

9. If this equipment does cause harmful interference to radio or television reception,

10. which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

11. -- Reorient or relocate the receiving antenna.

12. -- Increase the separation between the equipment and receiver.

13. -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

14. -- Consult the dealer or an experienced radio/TV technician for help.

15. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

16.
