Subject: Attestation of Compliance – RF Power and Frequency Control

To Whom It May Concern,

The undersigned, on behalf of The Toro Company, hereby attests that the device [**Device Name: NOVA 2.0, Model Number: 161-7460**] complies with all applicable FCC regulations. Specifically, the device has been designed in a manner that prevents any unauthorized modification of its radio power or operating frequency by the end user.

The critical components responsible for power and frequency control are securely implemented and are not accessible or programmable by the user. Only authorized service providers with the proper tools and authorization can make any necessary adjustments to these parameters. This design ensures compliance with FCC regulations and prevents any unintended emissions or interference with other radio services.

As a Representative for The TORO Company, I hereby attest to this requirement.
