Test Lab:

Lucent Technologies Global Products Compliance Lab

Products to be tested:

Model 9520 (Falcon) - 900 MHz, 90 channel cordless telephone - DSS/FH
Conducted Emissions

CONDUCTED EMISSIONS 47 CFR 15.207

The 9520 Cordless Telephone (Falcon) will be tested for Conducted Emissions as per 47 CFR 15.207.

Furthermore, the EUT shall be in the “off hook” mode of operation. To facilitate this mode the EUT tip/ring line shall be connected to a 600 ohm termination. This mode of operation simulates a “worst case” mode of operation.

9520 Conducted Emissions Setup
