Radiation Exposure Statement

The following statements are provided in the user guides for the No Wires Needed 1100 wireless LAN products, in compliance with the limits set forth in the FCC rules 1.1307.

For the Access Point and Wireless Bridges, (OGD10310308), the following statement is in the preface of the user guide.

"**FCC Radiation Exposure Statement**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with the minimum distance between your body, excluding hands, wrists, feet and ankles, and the antenna as shown in the table below:

Access Points which use the attached low gain indoor antennas (1.9dBi):	20 cm (7 inches)
Wireless Bridge Units use remote building mounted gain antennas (>6dBi):	20 cm (7 inches)

Antenna installation instructions are contained in the user manual and contain these separation requirements."
