CrossLink Inc. requests that the theory of operation, block diagrams and schematic drawings within this application, except for information that must be publicly available, be withheld from public inspection.

The information contained in this application is confidential to CrossLink Inc. and took considerable time, effort, and expense to develop. If this information were to be made available to a competitor it would be very damaging to CrossLink Inc.

Sincerely,

A handwritten signature in black ink, appearing to read "Jack Pyne". The signature is fluid and cursive, with the first name "Jack" and last name "Pyne" clearly distinguishable.

Jack Pyne
Vice President of Commercial Products, CrossLink Inc.
