Request for Confidentiality of Internal Photographs

Our devices mentioned above are sealed units. They are put into a plastic housing and get potted by epoxy. Afterwards, a rear cap is welded onto the plastic housing. If one tries to disassemble the device, the circuit board will be irreversibly damaged.

If you have any questions, please feel free to contact me at the address shown below.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Stefan Rosenkranz", with a long horizontal flourish extending to the right.

Stefan Rosenkranz
