TURNING ON AND OFF

To turn your headset on, press and hold the Call button until the indicator light flashes. Then, release the button.

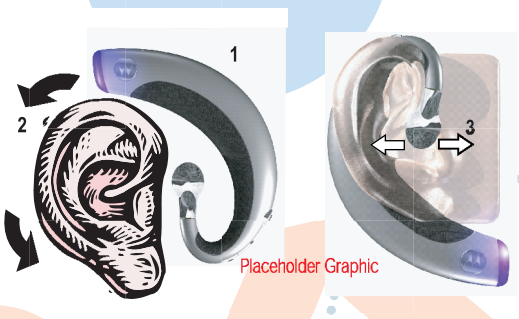

To turn your headset off, press and hold the Call button until the indicator light flashes rapidly and then turns off.

To conserve battery power, turn off your headset when you don't plan to use it for a while.

WEARING THE HEADSET

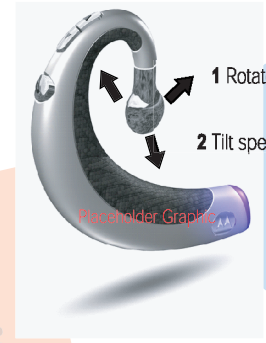

- 1 Place the end of the headset with the blue indicator light near the top of your ear.
- 2 Slide the headset down and around along the back of your ear so that the end of the headset with the blue indicator light faces out from the bottom of your ear.
- 3 Direct the speaker by tilting and rotating it toward the opening of your ear.

CHANGING FOR USE ON OTHER EAR

You can wear your H605 headset on your left or right ear. The headset comes ready for the right ear. To change the headset for the left ear:

- 1 Rotate the speaker 180 degrees, turning counter-clockwise.
- 2 Direct the speaker by tilting and rotating it toward the opening of your ear.

INDICATOR LIGHTS

The indicator light provides information about your headset status.

With the Charger Plugged In

Headset Indicator	Headset Status
On (steady)	Charging
Off	Charging complete

With No Charger Plugged In

Headset Indicator	Headset Status
Off	Power off
On (steady)	Pairing mode
10 rapid flashes	Pairing successful
Slow pulse (on a call)	Connected
