

WWF ATTITUDE RACING RADIO CONTROLLED CAR

For Ages 6 and Up
Asst. No.: 05990

INSTRUCTION SHEET

Before starting, your toy requires (1) 9 volt battery, (3) "AA" batteries and a Phillips screwdriver (not included) for assembly.

How to install the Batteries

Step 1 Remote Control

- Unscrew the battery cover on the back of the remote control, using a Phillips screwdriver and remove.
- Insert (1) 9 volt battery into the battery compartment, carefully noting the direction of the (+) and (-) symbols as shown.
- Replace the cover and tighten the screw.

Step 2 Racer

- Take the Racer and turn it upside down.
- Unscrew the battery cover on the bottom of the Racer and remove.
- Insert 3 "AA" size alkaline type batteries into the battery compartment as shown, carefully noting the direction of the (+) and (-) symbol.
- Replace the cover and tighten the screw.

How the Racer works

- Place the Racer on a smooth, hard surface.
- Slide the Switch in the bottom of the Racer to "ON" position. This will turn the Racer's power "ON" and Racer will start spinning around in circles.
- When the Racer faces the direction you want it to go in, switch and hold the steering wheel on the remote.
- The Racer will stop spinning, and go forward in a straight line.
- Release steering wheel and Racer will start spinning again.

Note: Be sure to turn the Racer "OFF" when not in use.
