

10.0 Identification Label and Location

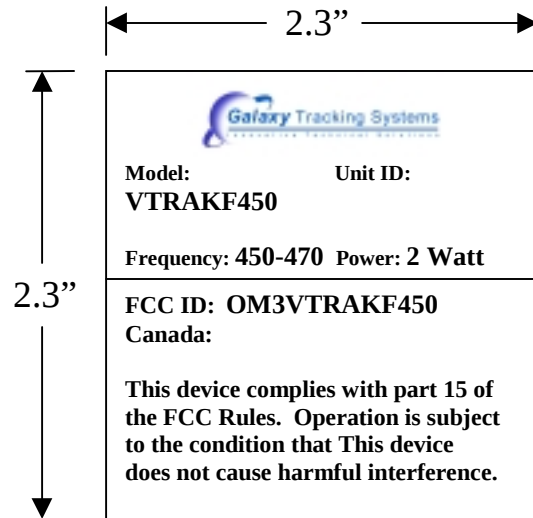

Section 10 presents two unique identification labels to support two FCC Part 90 filings in the 450 – 470 MHz frequency bands for a 25 kHz channel unit and 12.5 kHz channel unit. The two labels are identified as follows:

Label with FCC ID “OM3VTRAKF450” supports the 25 kHz 450 –470 MHz VTU in both the with RS232 and non RS232 data interface configuration.

Label with FCC ID “OM3VTRAKH450” supports the 12.5 kHz 450 –470 MHz VTU in both the with RS232 and non RS232 data interface configuration.

VTU Identification Label

Notes

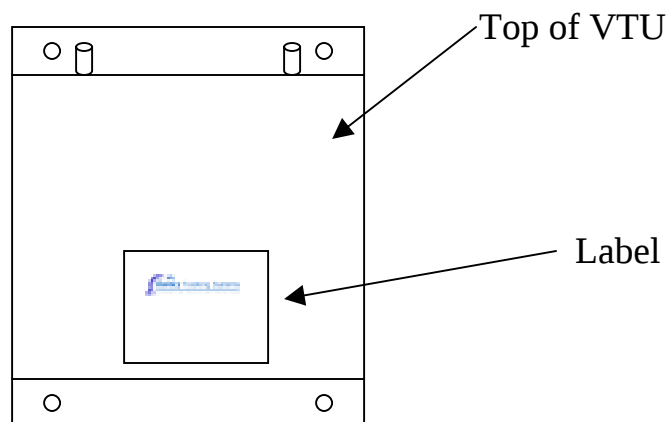

Material: White Mylar

Adhesive: Perm Adhesive

Size: 2.3" x 2.3" Diecut

Unit ID: Hand written at factory

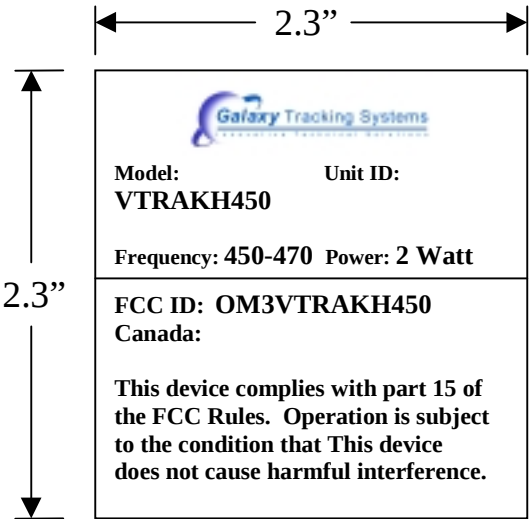

VTU Identification Label

2500 English Creek Ave., Bldg II, Egg Harbor Twp., NJ 08234-5562, (609) 645-0900
