Re: FCC ID: ONTJETIDS16US

To Whom It May Concern:

The following application is submitted on behalf of our client, Esprit Model, for evaluation of their model JETIDS14US for a Class II Permissive Change under FCC Part 15.247.

The purpose of the Class II Permissive Change is to add the JETIDS14US model variant to the FCC ID: ONTJETIDS16US. The JETIDS14US is identical to the JETIDS16US 2.4 GHz transceiver for remote control toys except that it offers less control features. Additional differences are the enclosure color, the material for the knobs, levers and stick assemblies and the number of toggle switches. The PCB and radio parameters of the two products are identical.

The FCC ID: ONTJETIDS16US was tested for radiated emissions to the aforementioned tests requirements and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
