Gentlemen,

I, Peter Apitz d.b.a. Pase at 2248 Hartford Ave. Fullerton, CA 92831, would like to request that all schematics, block diagrams, and detailed theory of operation submitted with the application for certification be withheld from public disclosure as per Section 0.459 of FCC Rules. This request is made under the provisions of Section 0.457 (d) of the Commission's Rules, and Section 552 (b)(4) of the Freedom of Information Act. These sections authorize as a withholding from public inspection materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

If you have any further questions or need additional information, please feel free to give me a call at 714.528.4563.

Sincerely
