

Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is rectangular with rounded corners and features various electronic components, including a large black integrated circuit (IC) in the center, several smaller components, and a network of gold-colored traces. A metal ruler is positioned vertically to the left of the component, showing measurements in millimeters (0.5 mm to 11 mm) and centimeters (1 to 13 cm). Another metal ruler is positioned horizontally below the component, showing measurements in centimeters (1 to 13 cm).
Antenna View	 A photograph of the same green PCB component, now with a black antenna cable attached to its top edge. The component is placed on a blue textured surface. A metal ruler is positioned vertically to the left of the component, showing measurements in millimeters (0.5 mm to 20 mm) and centimeters (1 to 24 cm). Another metal ruler is positioned horizontally below the component, showing measurements in centimeters (1 to 24 cm). A red line points from a label to the antenna cable. 900MHz Antenna
