Subject: Description of the FunPad Entertainment System.

Gentlemen:

The FunPad Entertainment System is a hand-held wireless, web-based device similar to a game pad that provides customizable interactive entertainment and information. It has a 2.4 GHz Radio Frequency transceiver with a data rate capacity of 2 Megabits/sec. The FunPad uses an Intel Pentium processor with MMX technology.

If you have any questions, please do not hesitate to contact us at 714.841.9100.

Sincerely

Tony Lopez
President

FUNPAD
