Subject: Description of the Security Transponder

Gentlemen:

The Security Transponder is part of an alarm system intended to protect the FunPad (hand-held interactive entertainment device) from theft. Its purpose is to prevent the FunPad from being removed from a given location. It communicates with the FunPad via a 916.5MHz RF link.

If you have any questions, please do not hesitate to contact us at 714.841.9100.

Sincerely,

Tony Lopez
President
