

Technical Description

The Equipment Under Test (EUT) is a receiver (Car Unit) for a portable 49.86MHz Transmitter (controller).

The EUT is powered by 5*1.5V AA battery. After switch on the EUT, the car can be controlled to move forward/backward/leftward/rightward by the controller.

The brief circuit description is listed as below:

- 1) U1 acts as MCU (PT978).**
