

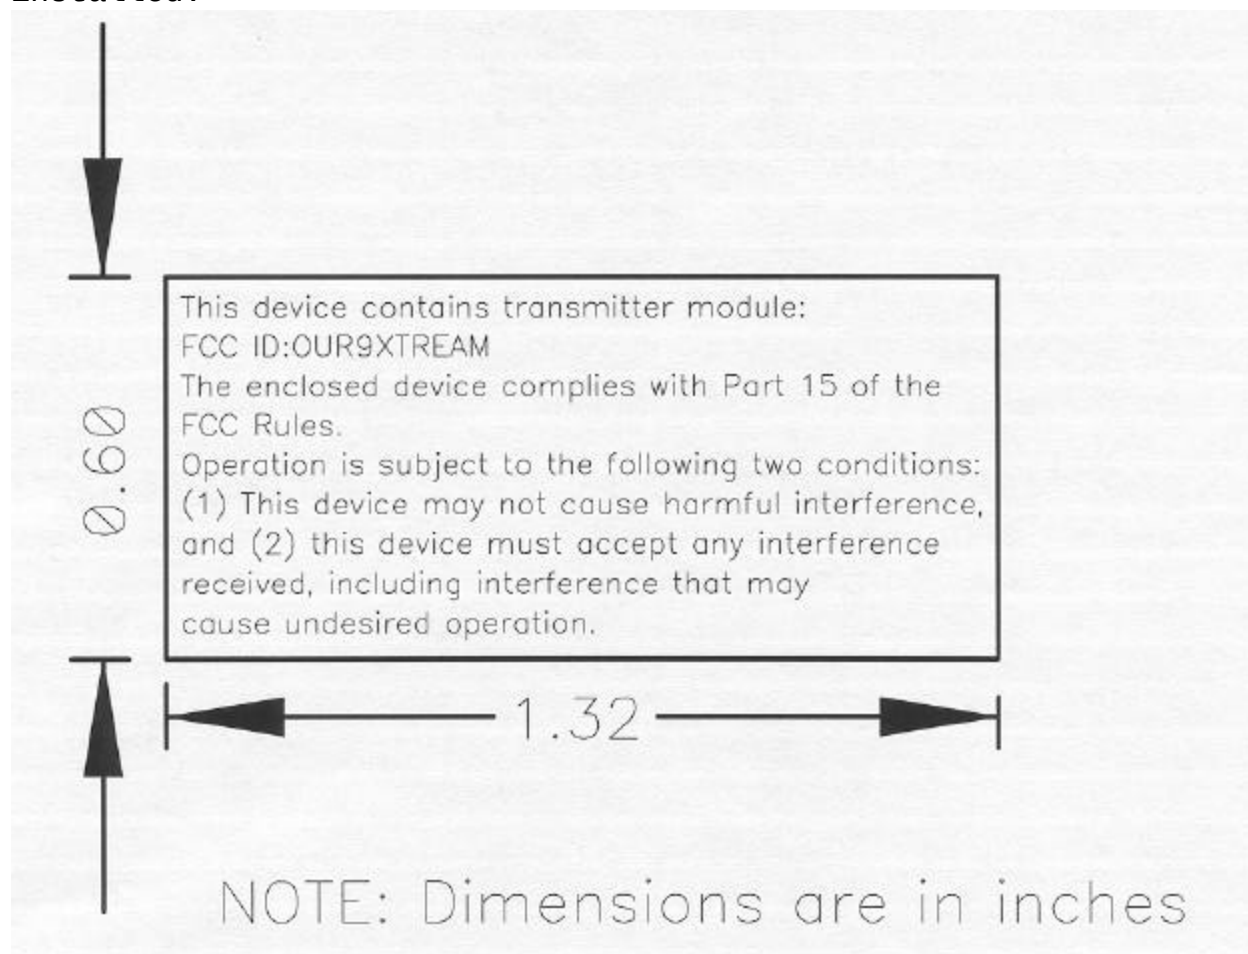

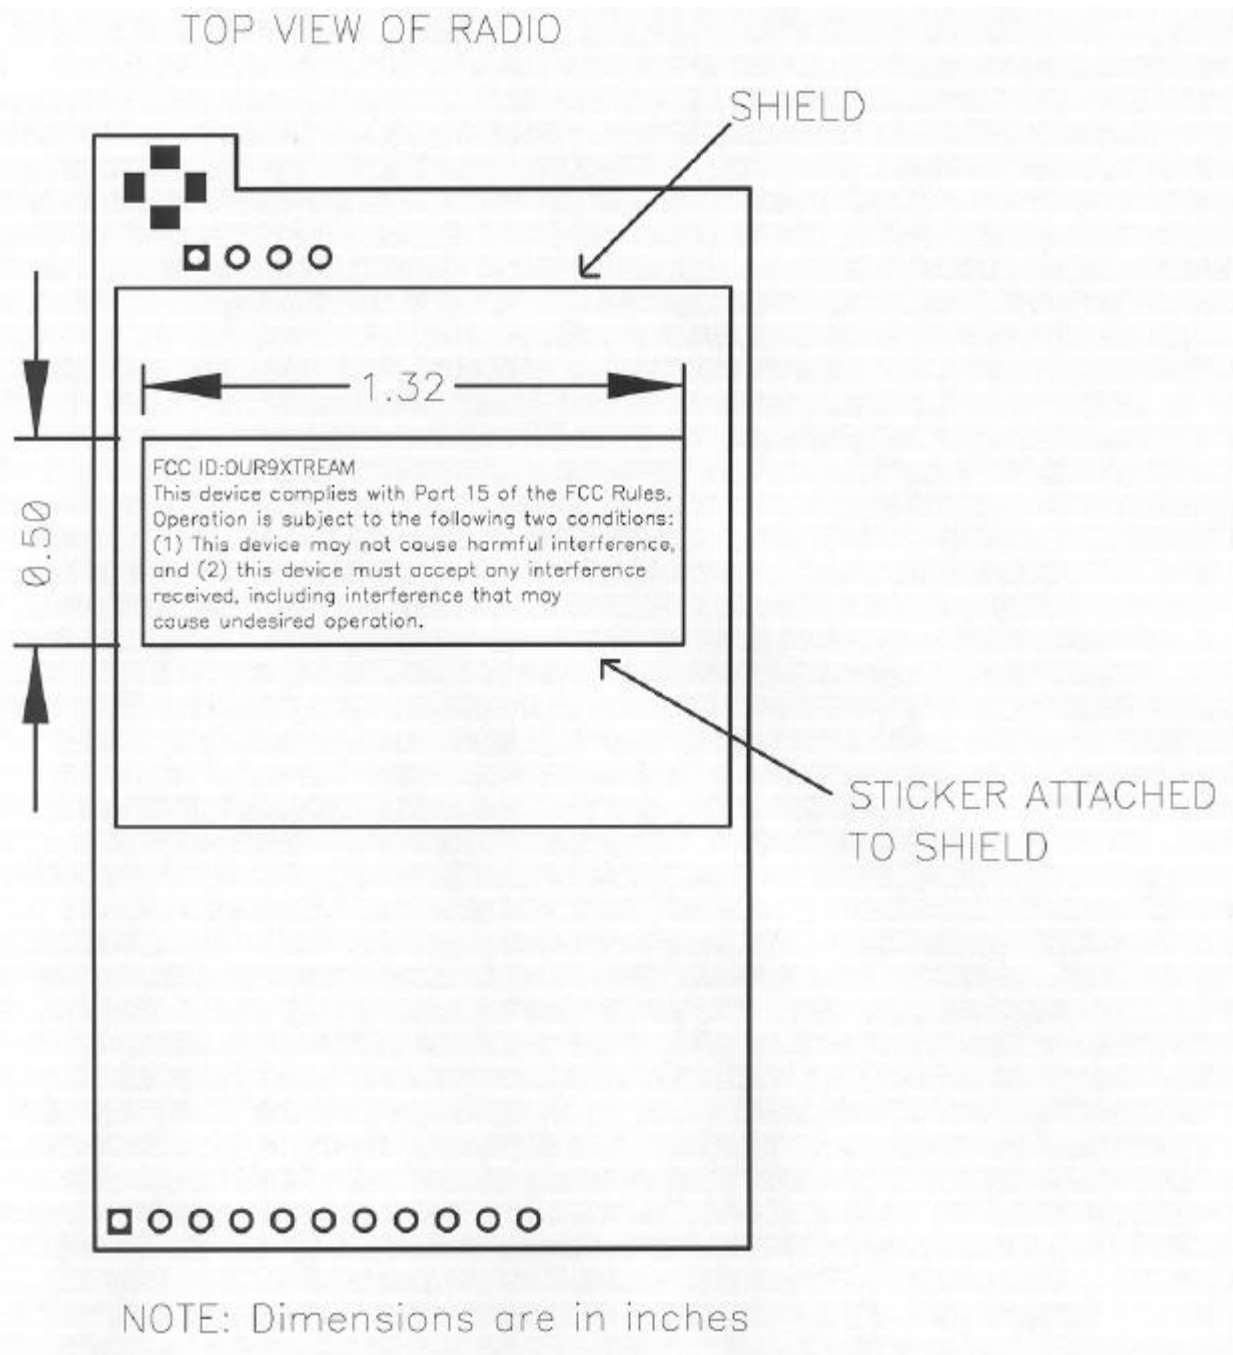

Exhibit 1: FCC ID LabelEquipment Identification Label

In accordance with the requirements of Sections 15.19 (a), 2.925 and 2.926 of the FCC Rules, the following information will be permanently affixed to the CDH Communications, Inc. Model 9XTREAM as shown in the sketch on the following page. The 9XTREAM is to be certified as a module; therefore, the label shown on the following page will be provided with the 9XTREAM to be affixed on the outside of the host system which it is installed.

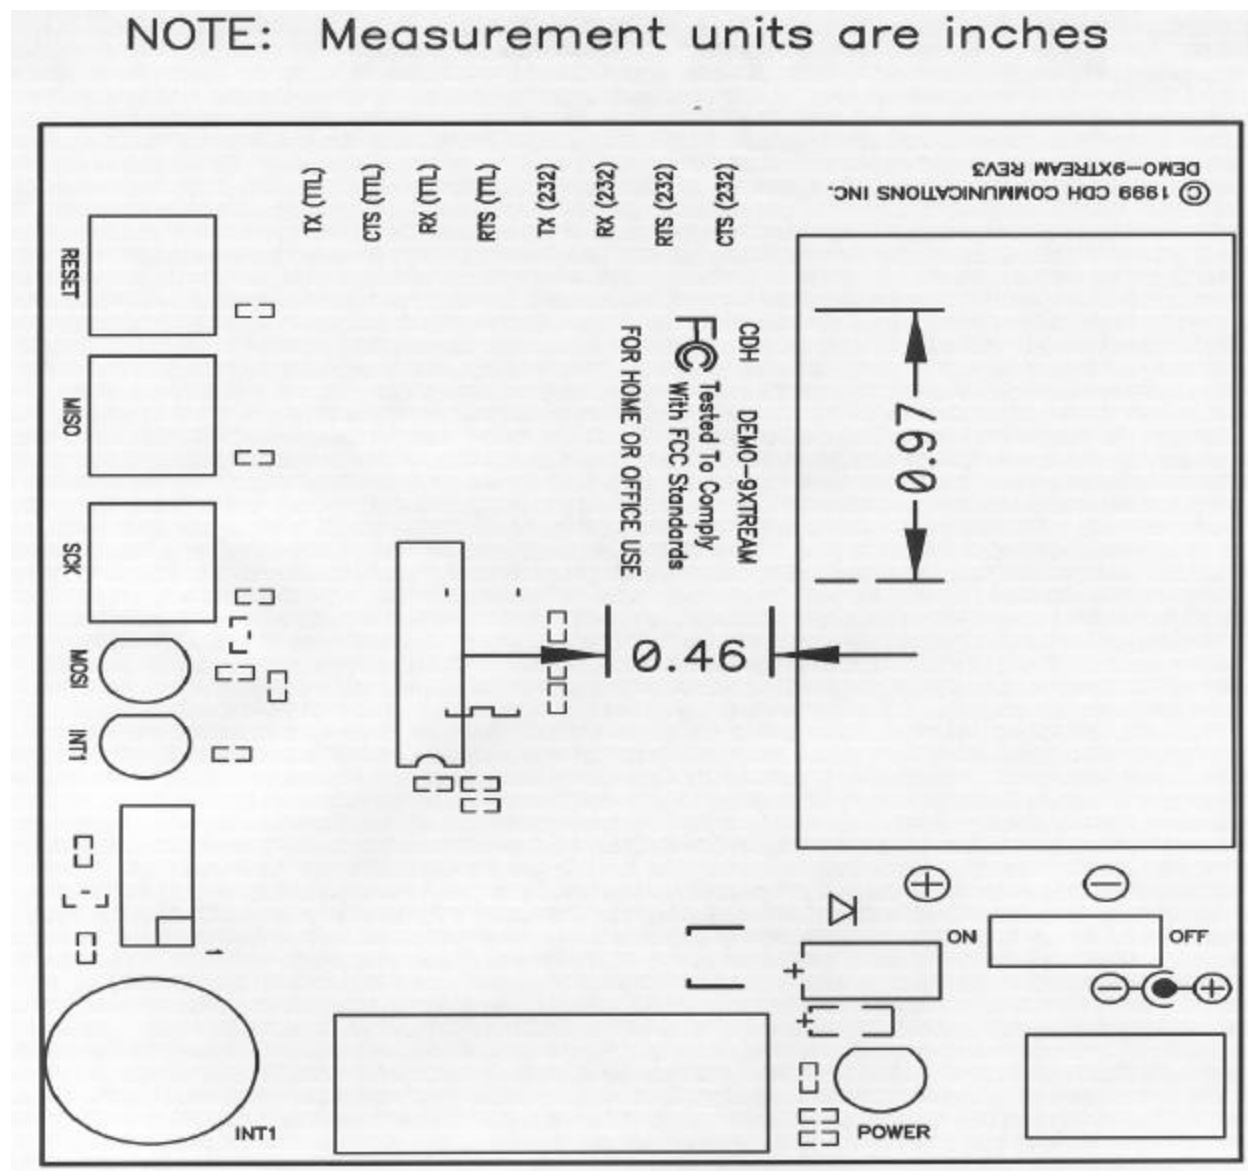

Label to be placed on outside of host system

RF Module Label and Label Placement

Exhibit 1

The 9XTREAM can be sold with an interface board that provides a serial port for connection to a personal computer; therefore, in this configuration it is considered a computer peripheral and subject to the Declaration of Conformity requirements. Shown below is the Declaration of Conformity label that will be placed on the interface board.
