Subject: RE: Kyocera Wireless Corp, FCC ID: OVFKWC-KX160B, Assessment NO.: AN05T5153, Notice#1

Chris,

There is no change in hardware. The only change was to increase the conducted RF power (from 2 dBm to 3.5 dBm) for Bluetooth section, via software setting.

This has been described to CCS. Radiated and conducted tests were performed with the new power setting.
