RE: FCC ID: OWDTR-0023-E_ATCB003116

Attention: Kathy Grzovic

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that there are not only changes in component values from the original, but a whole new circuit added to the new PA and also a re-layout of the PC board. Is the additional circuitry inside the new PA or is it on the main board? While the power may be the same, how is this electrically identical? Please explain.

Response: Please refer to the letter uploaded with this response.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.
Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the sender.
