Data Reuse Statement per KDB 484596

RE: FCC ID: OWDTR-0161-E

This application is reusing RF conducted test data from FCC ID: OWDTR-0160-E for the technologies shown in the table below. This circuitry is electrically identical to the new device. Conducted power was spot-checked to ensure the output power was within measurement tolerances of the original OWDTR-0160-E filing.

Equipment Class	Technology	Conducted Test Data Taken From OWDTR-0160-E Test Report
TNB	900 MHz LMR	2018025TNB Harris XL-185M FCC ISED Test Report Pt1 R0.2.pdf and 2018025TNB Harris XL-185M FCC ISED Test Report Pt2 R0.2.pdf
PCB	900 MHz LMR	2018025PCB Harris XL-185M FCC Test Report Only R0.1.pdf
DSS	Bluetooth	2018025DSS Harris XL-185M FCC ISED Test Report Only R0.0.pdf
DTS	2.4 GHz Wi-Fi	2018025DTS Harris XL-185M FCC ISED Test Report Only R0.0.pdf
NII	5 GHz Wi-Fi	2018025NII Harris XL-185M FCC ISED Test Report Only R0.0.pdf

Sincerely,

A handwritten signature in black ink that reads "Richard B. McMurray". The signature is written in a cursive, flowing style.

Richard B. McMurray, P.E.
