

EMC COMPLIANCE ENGINEERING AND TESTING

March 29, 2000

Frank Coperich
FCC

RE: FCC ID: OWDTR0001-E
731 Confirmation Number: EA96787
Correspondence Ref. No.: 12948

Dear Mr. Coperich,

Please disregard all attachments previously sent to the FCC. In error we sent a draft report instead of the final report. The draft report had test results concerning a prior project for another client. To insure that you have the proper information and results, I want to upload everything again now that we have the SAR report. Please accept my apologies for this error.

Please correct the error on the 731 Form as well with the following information.

- Frequency Range in MHz: 806 to 869
- Rated RF power output in Watts: 3
- Frequency Tolerance: 1 ppm
- Emission Designator: F3E

Thank you,

Document Control Specialist
