

Report No.: 15040320HKG-002

Model: CEU5000-BT

A photograph of the internal components of a vintage computer terminal. The terminal is open, revealing a green circuit board with various electronic components, a black power supply unit, and a black keyboard unit. The components are housed in a metal case. A black cable is connected to the power supply unit. The terminal is placed on a blue surface.
