To whom it may concern:

Preco Electronics requests that certain materials submitted with this application for certification of Model SPV 2020 are withheld from public disclosure. This request is made under the provision of 47CFR Section 0.459.

The items listed below contain detailed schematic diagrams submitted to the FCC for review with this application. These schematics contain proprietary information regarding the circuit operation and capabilities that are the result of Preco's extensive investment in research and development. Confidential Items:
