SPECIFICATION

Product Model: **BT075**

Bluetooth Specifications: Bluetooth V4.0

Transmission Distance: ≤10M (depending upon operation environment and devices to which it connects)

USB Recharge Voltage: DC 5V

Built-in Battery: Lithium battery 1050mAh

Output Power: 5W*2

Frequency Response: 90Hz-20KHz

Sensitivity: 80db±2db

Signal to Noise Ratio (SNR): ≥80dB

Product Dimensions: 65*65*120MM

Accessories

IB * 1

Micro USB charging cable * 1

3.5mm audio cable *1

FCC Statement:

This equipment has been tested and found to comply with the limits for Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This

device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: Modifications to this product will void the user's authority to operate this equipment.
