Your box includes

Illuminated sign
Stake
Setup information
3 AA lithium batteries

Specifications

Operating temperature: -4° to 122° F (-20° to 50° C) based on lithium battery.

Outdoor use: IP65 rated; designed to withstand rain, snow and extreme temperatures.

Sign: 10 x 10 x 1.75 in. (254 x 254 x 44.45 mm)
Stake: 20.88 in. (528 mm)

Power requirements: 3 AA lithium batteries (included). Alkaline batteries not recommended for outdoor use.

Important safety information

1. Read and keep these instructions.
2. Clean only with a dry cloth.
3. Set up in accordance with the manufacturer's instructions.
4. Do not set up near any heat sources.
5. Only use attachments/accessories specified by the manufacturer.
6. Follow all safety instructions when using tools (e.g. drills or ladders) and installing equipment.
7. Do not store batteries with hazardous or combustible materials.
8. Keep batteries away from children.
9. Store spare batteries in a cool, dry and ventilated area.
10. Batteries can explode, catch fire and/or cause burns if disassembled, punctured, cut, crushed, short-circuited, incinerated, recharged (disposable cells) or exposed to water, fire or high temperatures.
11. Do not use counterfeit or inferior-quality batteries. Do not use rechargeable batteries.
12. Disposing of your device and old battery: ADT is committed to environmental protection and sustainability. We strongly encourage you to recycle your device and old battery in accordance with local waste and recycling laws. The device and battery cannot be disposed of with regular household waste. Please visit call2recycle.org and in the "Find a recycling location" field, enter your ZIP Code to find your nearest battery recycling facility.
13. Do not drop the device or subject it to physical shock.
14. Do not use high-voltage products around this device (e.g. electrical swatter) as this product may malfunction due to electrical shock.
15. **WARNING:** This product contains chemicals known to the State of California to cause cancer and congenital disabilities or other reproductive harm. Wash hands after handling.
16. **CAUTION:** Risk of explosion if battery is replaced with an incorrect type.

Regulatory approvals

FCC statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
 2. This device must accept any interference received, including interference that may cause undesired operation.

FCC radiation exposure statement

- This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
- This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 7.87 in. (20 cm) between the radiator and your body.

Note: To view FCC information, locate the label above the battery compartment on the back of the device.
