Dear Sir:

The following application is submitted on behalf of Neptune Technology Group, Inc. for evaluation as a class II permissive change to an existing certification. The device was modified to incorporate a new integrated antenna.

Internal photos and technical drawings are included in this filing to show the new antenna. The modified device was investigated for radiated spurious emissions in the restricted bands as defined in section 15.205 in accordance with 15.247(c). The device continues to meet all of the technical requirements as defined in Part 15, subpart C.

Sincerely,

R. Sam Wismer
Engineering Manager/
Radio Approvals Engineer
