Assessment NO.: AN04T4072, Notice#1

Hi Mike :

I forgot attached revised test report in my previous email. I am sorry about that.
Enclosed please find a revised test report and the speaker output mode was mentioned at clause 3.2 in our test report.

Best Regards,
Y.G. Gwon
ONETECH Testing & Eval. Lab.

> > ==> The transmitter receives IR signal from the wireless remote control.

Also, we tested other emission from the EUT and recorded in our test report.

> For your reference, the receiver is a satellite radio receiver. Do you think we have to include test result of receiver portion for IR signal in the report?

> > Question #2: Based on the test report, EUT was tested with a speaker. Please

> > advise if the speaker was set at the maximum output mode during testing.

> > ==> Yes, The output of the speaker was set at maximum output mode. I revised clause 3.5 in our test report.

> Enclosed please find a test report in this email.
