Federal Communications Commission
 Authorization and Evaluation Division
 7435 Oakland Mills Road
 Columbia, MD 21046
 USA

FCC ID: **P3THONFS-1A**

To Whom It May Concern,
 Nicolas Dovale Perez hereby attest that the required **warning label messages** and **Class A/B digital device disclosure statements**, as applicable, will be clearly and consistently provided in accordance with the requirements outlined in **KDB Publication 935210 D02, Section V(g)**.
 Specifically, we confirm that:

1. The applicable FCC warning statements and Class A or Class B digital device disclosures will be included in all **online marketing materials** related to the device.
2. The same information will be presented in **point-of-sale marketing materials**, including brochures, product listings, and promotional content.
3. The required notices will also be displayed on the **external packaging** of the device, ensuring visibility to end users prior to purchase.

We affirm that these measures are implemented to ensure full compliance with FCC requirements and to provide appropriate information to end users regarding regulatory and interference considerations. Should you require any additional information regarding this attestation, please do not hesitate to contact us.

Sincerely,

Dated this 30th day of April 2026
