RF Code, Inc. has spent substantial effort in developing this product and it is going into a competitive market niche for RFID technology in the healthcare industry. Having the subject information easily available to "competition" would negate the advantage we have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential to be withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Sincerely,

By:  Dale Parvey
Product Manager
