In order for processing of this application (FCC ID: P7RT24APDUAL) to continue, the following issue(s) will have to be addressed:

- 1) The test report states that no modifications were performed on the device under test. However, there is a modification letter from the manufacturer stating that modifications were performed. Which is correct?
- 2) According to the expository statement, the device can operate on one of 24 channels. In the test report, only one channel was tested. Please explain.

Correspondence to this request may be submitted on our web site under confirmation number P7RT24APDUAL-1.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to scott@celectronics.com.

If you have any questions, feel free to contact me.
