Mr. Andy Leimer
Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, Maryland 21046

Dear Mr. Leimer:

The Federal Aviation Administration (FAA) Office of Spectrum Policy and Management, has reviewed the Type Acceptance Certification request from Aviation Communication and Surveillance Systems (ACSS) request for type acceptance of the ACSS TT-950/TT-951/TT-952 Traffic and Collision Avoidance System (T²CAS), Federal Communications Commission ID number P8CTT-950. The technical data for this equipment is consistent with the spectrum requirements for this system and the FAA has no objections to the certification of this device.

Should you have any questions or concerns, please contact Mr. Donald Nellis, Spectrum Planning and International Division, at (202) 267-9779.

Sincerely

George K. Sakai
Program Director for Spectrum
Policy and Management
