Ref: FCC Class II Permissive change for FCC ID: P8M-201910BG95M3
Applicant: Alcohol Monitoring Systems Inc.

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: P8M-201910BG95M3 originally granted on 01/12/2022.

The change under this application is to allow for use of the radio module within portable hosts: RB-150 and RB-160. The radio module itself has not been changed or modified and still remains electrically identical to what was previously certified.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Name: Gordon Murray
