Re: Ascalade Technologies Inc.'s FCC ID: PBWB200R36H

To Whom It May Concern:

All models have identical transmitter circuitry. However, models SCD384-R and SCD386-R have a slightly different PCB layout and integral antenna trace which accounts for the reduction in the reported EIRP radiated power.

Regards,

A handwritten signature in blue ink that reads "Sharon Hoffman". The signature is written in a cursive, flowing style.
