SAFETY PRECAUTIONS:

• Do not use the product near small children or animals. The detachable head can pose a choking hazard.  
• Adult supervision is recommended at all times.  
• Avoid water, sand and snow when operating your vehicle. Never submerge any portion of the product in water.  
• Never leave the product near sources of heat, under direct sunlight or outside overnight as this is harmful to internal components.

BATTERY WARNING:

• Do not use old and new batteries.  
• Do not use alkaline, mercury, carbon zinc, or rechargeable nickel-cadmium batteries.  
• Insert batteries using the correct polarity. Do not short-circuit the supply terminal.  
• Remove batteries when not in use. Replace or dispose of exhausted batteries according to federal, state, and local laws. Do not dispose of batteries in the fire or into any body of water.  
• Only use the type of batteries specified in the manual.  
• Always use, replace, and recharge (if applicable) batteries under adult supervision.

KEEP THIS PACKAGE FOR REFERENCE AS IT CONTAINS IMPORTANT INFORMATION.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.  
• Increase the separation between the equipment and receiver.  
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
• Consult the dealer or an experienced radio/TV technician for help.

OPERATING INSTRUCTIONS

Each robot requires 3 "AAA" 1.5V alkaline batteries (not included). Each remote control requires 1 "V" battery (not included). When charging batteries, adult supervision is required. Use alkaline batteries for best performance.

1. Carefully remove items from the package.  
2. Locate the battery compartment on the back of each robot, as well as each remote.  
3. On robots, loosen the screws and remove battery doors. Slide doors open on rc units.  
4. Insert "AAA" alkaline (robot) or "V" (remote) batteries into each battery compartment (see diagrams). Insert one "V" battery into each remote control.  
5. Push the battery doors and tighten screws.  
6. Switch robot and remote control power switches to the "ON" position.  
The power switch is located on the side of the robot.

NOTE: Before use, adjust the robots to make sure both feet have good contact with the ground before use. Use on a hard, flat surface for best results.

Each robot requires 3 "AAA" 1.5V alkaline batteries (not included). Each remote control requires 1 "V" battery (not included).

LEFT JOYSTICK

RIGHT JOYSTICK

OPERATING CONTROLS

• Push left joystick down to punch.  
• Push right joystick down to punch.  
• Push left joystick up to spin.  
• Push right joystick up to spin.  
• Push left joystick left to spin.  
• Push right joystick right to spin.

HOW TO PLAY

There are sensors located beneath each robot's chest plate. The object of the game is to knock the opposing robot's head off by making contact with the chest plate using the robot's head. To remove the head, place a face forward onto the neck and gently press down until it clicks into place.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
