RE: New Product in Mealstream range – Request for Grant of Equipment Authorization.
FCC ID: PCV402M2086DK1GM

Please be advised that Merrychef Limited wish to introduce a model enhancement to the Mealstream 402 Commercial Microwave Oven product range. The new model has the generic name 'Mealstream 402M' and is similar to the Mealstream 402 with FCC ID: PCVCTM82086DK2US for which FCC approval was granted.

Since the new model includes a number of design enhancements to the previously evaluated version, a new Grant of Equipment Authorization is requested.

Support documentation will therefore be provided for your evaluation.
