NOTES

- Hierarchy: model, serial, origin, identifiers, statement.
- Neither FCC nor ISED specifies a minimum character height.
- The requirement is that the identifiers be permanently affixed,
- readily visible and legible without magnification
- (47 CFR 2.925 / 2.926; ISED RSP-100 and RSS-GEN section 5).
- Prefix is exactly "FCC ID:" and exactly "IC:".
- Applied to production units once certification is granted.
- Maple leaf: official flag geometry, supplied as a vector by Infinition.
