To whom It may concern,

Trakus, Inc. hereby requests that the FCC treat certain sections of our attached submission as confidential. The sections that require confidentiality are all sections that include Trakus system schematics and technical block diagrams that are listed below:

- Player Patch Transceiver Schematic v2, S000330
- Player Patch Transceiver Block Diagram v2
- Microwave Transceiver cPCI Card v2, S991206
- Microwave Transceiver Block Diagram v2

The above technical information, which is explicitly characterized in our submission, describes in detail how our system is built and its theory of operation. This level of technical information, if disclosed outside of the FCC, would cause irreparable harm to Trakus from a competitive standpoint.

Therefore, we respectfully request that the technical information listed herein and described in our submission be treated as confidential and not to be disclosed outside of the FCC.
