

FCC ID: PF407577R

Operation Description:

There are a on/off switch and two control stick on the unit, turn the switch to On position the left control stick control the left wheel movement of the car, the right control stick control the right wheel movement of the car.

Circuit Description:

The brief circuit description is listed as follows:

- X1, Q1, and associated circuit act as local oscillator.
- Q2 and associated circuit act as RF amplifier.
- IC1 and associated circuit act as control signal generator.
- U1, Q3 and associated circuit act as sound generator.

Antenna Used:

A permanent wire antenna has been used.
