1 General Regulatory Information

Component Name: Perfectly Keyless
Model Bosch (GM internal): PKM2.0 (VKM),PKA 2.0.0 (VKS1), 2.0.1 (VKS2) and 2.1.1 (VKS3)
Certificate Holder: Robert Bosch LLC
Address: 15000 Hagerty Road, 48170, Plymouth, Michigan, USA

2 Homologation

2.1 USA

This device complies with the following FCC Rules:

Part 15.105 – Class B Digital device

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- *Reorient or relocate the receiving antenna.*
- *Increase the separation between the equipment and receiver.*
- *Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.*
- *Consult the dealer or an experienced radio/TV technician for help.*

RF Exposure Information according FCC 2.1091 / 2.1093 / KDB 447498 / RSS-102

Radiofrequency radiation exposure Information:

The radiated output power of the device is far below the FCC radio frequency exposure limits. Nevertheless, the device should be used in such a manner that the potential for human contact during normal operation is minimized.

Part 15.19 / RSS-GEN and 15.21

This device complies with Part 15 of the FCC Rules [and with Industry Canada licence-exempt RSS standard(s)].

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and*
- (2) this device must accept any interference received, including interference that may cause undesired operation.*

Changes or modifications made to this equipment not expressly approved by Robert Bosch LLC/ XC/AN-PAA NA may void the FCC authorization to operate this equipment.
