Our ref: CASIRA FCC APPLICATION

07 March 2001

Dear Application Examiner

Casira Bluetooth Development Kit, Confidentiality Request

I hereby request that the following exhibits in support of the application for certification of the Casira Bluetooth Development Kit as a hybrid spread spectrum transmitter be provided with confidential status:

Ref	File	Confidential	FCC Exhibit Type	Contents
F	Casira_Block_Diagram.pdf	Yes	Block Diagrams	a. A block diagram showing the frequency of all oscillators, crystals, and synthesizers in the EUT. The signal path and frequency are indicated at each block. The tuning range(s) and intermediate frequency(ies) are indicated at each block
L		Yes	Schematics (Parts lists)	a. Motherboard Schematics b. Motherboard parts list
M	Radiomodule_i ssd_ver1.pdf	Yes	Schematics (Parts lists)	a. Module Schematics b. Module parts list

CSR requests pursuant to 47CFR 0.459 post grant confidentiality for the above exhibits such that they will be withheld from public inspection following the grant of this authorisation.

The above contain information relating to circuit function and complexity that could be of benefit to competitors. The material contains trade secrets and confidential information that CSR does not normally release to the public. Specifically:

- Exhibit F contains frequency information that could be of value to competitors and which is not contained in published data sheets. Note that the block diagram to which the frequency information has been added is available in its entirety in a published data sheet which also accompanies this application, and for which confidentiality is not sought (exhibit E, BlueCore01 Data Sheet, file bc01_spec_00-05-09)
- Exhibits L and M contain circuit information that could be of value to competitors and which is not normally published. Note that this information is released to CSR's customers as design guides and application notes under Non Disclosure Agreements, such

/...continued

The information contained in this letter is intended for the named recipients only. It may contain privileged and confidential information and, if you are not an intended recipient, you must not copy, distribute, or take any action in reliance on it. If you have received this letter in error, please notify the sender immediately by reverse charge telephone call to 01223 424167 and return the original by post. We will reimburse you the postage.

that customers are able to incorporate the BlueCore01 device into their own circuit designs.

Please contact the undersigned by phone at +44 1223 392158 or by email at mbe@csr.com if any further information is required concerning this request for confidentiality.

Yours sincerely

Miguel Bravo-Escos
Programme Manager
