Re: Confidentiality of schematics
Equipment: GMRS Transceiver

FCC ID: PM3 GM22

Gentlemen:

It is requested that the information contained in the block diagrams, operational description and schematics of the application be held confidential per Section 0.459. Please use this information in obtaining a grant of certification for the transceiver, for use in the general mobile radio service, model number GM-18.

In support of this request, we submit the following:

1. Identification of the specific information for which confidential treatment is sought:

The materials set forth in the Operational Description, Block Diagram, Parts List, and Schematics, are those for which confidentiality is sought.

2. Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The proceeding is that involving the application for equipment authorization (certification) under FCC ID No: PM3 GM22

3. Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

This material includes a detailed theory of operation and circuit diagrams, (schematics, part list, and Block diagrams). As such this material is treated as highly confidential business information and is not subject to public view.

Should you require any further information, please contact the undersigned.

Thank you for your consideration in this matter.

Sincerely,

Scot Rogers
