Digital Matter
8/100 Railway Rd,
Subiaco
Perth Australia
digitalmatter.com/contact

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (i) Re-orient or relocate the receiving antenna; (ii) Increase the separation between the equipment and receiver; (iii) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected; (iv) Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Canada - Innovation, Science and Economic Development Canada (ISED)

English

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

This digital apparatus complies with Canadian CAN ICES-3(B).

This equipment complies with Canada's radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Français

Cet appareil contient des émetteurs/récepteurs exemptés de licence conformes aux normes CNR exemptées de licence d'Innovation, Sciences et Développement économique Canada. Son fonctionnement est soumis aux deux conditions suivantes :

- (1) Cet appareil ne doit pas provoquer d'interférences; et
- (2) Cet appareil doit accepter toute interférence, y compris les interférences pouvant entraîner un fonctionnement indésirable.

Cet appareil numérique est conforme à la norme canadienne CAN ICES-3(B).

Cet équipement est conforme aux limites d'exposition aux rayonnements établies par le Canada pour un environnement non contrôlé. Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.

EU Compliance

Hereby, Digital Matter declares that the radio equipment type - Digital Matter's wireless devices - is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: https://support.digitalmatter.com/en_US/device-certifications/device-certifications

Disposal and Recycling Information

The WEEE symbol indicates that this product and/or battery should not be disposed of with household and/or unsorted waste. Upon disposal of this product and/or its battery, this should be sent to separate collection facilities for recovery and/or recycling and must be done in accordance with local environmental laws and regulations.

ATTENTION

ELECTROSTATIC
SENSITIVE DEVICES

INSTALLATION

Warning

The components used in this product can be damaged by Electrostatic Discharge (ESD) and suitable anti-static precautions (such as a grounded wrist strap) need to be taken when inserting the SIM card or handling the printed circuit board. Avoid touching any of the components or the GPS & GSM antennas. The manufacturer's warranty does not cover ESD damage.

Water / Dust Ingress (IP rated products)

When sealing the product, ensure that the seal is correctly positioned and is clean and intact, and that all screws are fully tightened in a uniform manner. The manufacturer's warranty does not cover dust, humidity and water ingress as the final sealing of the product is not done by Digital Matter.
