Re: FCC Identifier: B94M3816A

Dear Madam Secretary:

Philips Medical Systems North America Co., a division of Philips Electronics North America Corp. ("Philips") is filing the above-referenced application to effectuate a transfer of control of an FCC equipment authorization from Agilent Technologies, Inc. ("Agilent") to Philips. The application seeks a change in FCC Identifier, with, to our knowledge, no change in design, circuitry, or construction, of the equipment at issue.

The equipment is marketed under an authorization previously issued to Hewlett-Packard Company ("HP"). Pursuant to an agreement between HP and its former subsidiary, Agilent, HP authorized Agilent to continue to manufacture the equipment in accordance with the procedures set forth in Part 2 of the Commission's Rules.

By this letter, HP consents to the proposed change in FCC Identifier to the extent necessary to make Agilent the grantee of the authorization so that it may transfer control of the authorization to Philips.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Ann O. Baskins'.

Ann O. Baskins
Vice President
General Counsel and Secretary
Hewlett Packard Company

Date: 26 June 2001
