Transmitter & Battery Install/ Transmetteur et Installation des Batteries/ Instalación del Transmisor y la Batería

Pairing/ Appairage/ Emparejamiento

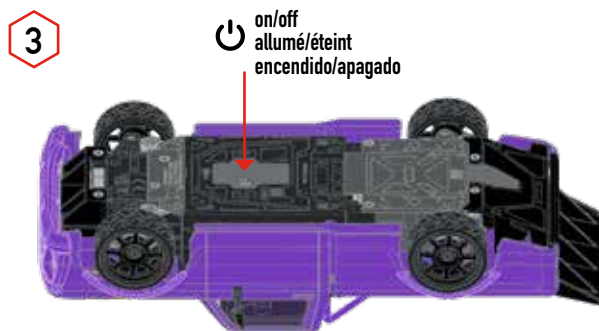

Power on the controller
Allumez le transmetteur
Encienda el controlador

If the controller LED is blinking quickly, make sure the WHEEL and TRIGGER are centered.

Si la DEL du transmetteur clignote rapidement, assurez-vous que la ROUE et la GACHETTE sont centrées

Si el LED del controlador parpadea rápidamente, asegúrese de que la RUEDA y el GATILLO estén centrados.

Once the controller LED starts blinking slowly, flip car over and press the power button on the car for 2 seconds.

Une fois que la DEL du transmetteur clignote lentement, retournez la voiture et appuyez sur le bouton d'alimentation de la voiture pendant 2 secondes.

Una vez que el LED del controlador comienza a parpadear lentamente. Da la vuelta al auto y presiona el botón de encendido del auto durante 2 segundos.

The controller LED turns solid red when it is paired with the car.

La DEL du transmetteur brillera en continue et de couleur rouge quand il est associé avec la voiture.

El LED del controlador se vuelve rojo fijo cuando está emparejado con el automóvil.
