⚠ WARNING!

WARNING:
Continuous use of any keyboard may cause serious injury to hands, wrists, arms, neck or back. If you feel ache, numbness or weakness in these areas, consult a qualified health professional.

TO REDUCE THE RISK OF SUCH INJURIES FOLLOW THESE PRECAUTIONS:

Position Yourself: Choose a chair that provides support for your lower back. Adjust your work surface height and your chair to assume a comfortable and natural body posture.
Go Lightly: Type with a light touch, keeping your hands and fingers relaxed. Avoid resting your palms or your wrists on any type of surface while typing. Don't rest on edges, such as the edge of your desk.
Take Breaks: Take frequent short breaks. Get up and walk around at least a couple of times every hour. Adjust your chair so the seat does not press into the back of your knees.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
