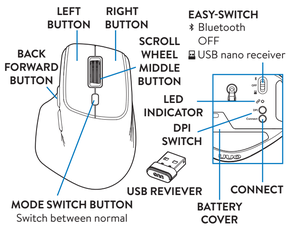
Overview



Safety Precautions

⚠ WARNING

FCC compliance statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different

⚠ WARNING

from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

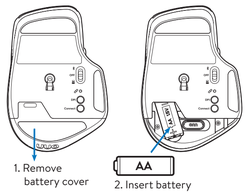
Radiation Exposure Statement:

The product comply with the FCC portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment

Operation, Setting Up Mouse

1. INSTALLING BATTERY



1. Remove battery cover
2. Insert battery

Windows® 7/8/10/11 or later, MacOS 10.5 or later, Android Chrome OS

Troubleshooting

Problem	Cause	Solution/Prevention
Mouse is not working on USB receiver	Lost connection	Re-plug USB receiver into USB port on computer, set the channel on USB receiver, press the Connect button on the bottom for 10 seconds (keep mouse close to receiver).
	USB port is malfunctioning	Try other proper functioning USB ports on the computer.

Problem	Cause	Solution/Prevention
Mouse is not working on Bluetooth	Lost connection	Set the mouse in Bluetooth pairing mode and pair it with the computer again.
	Connected to wrong device	Under Bluetooth connection (either Bluetooth 1 or 2) mouse should automatically reconnect to its last connected computer, but you can always re-pair again.
LED indicator keeps blinking	Battery is low	Change battery (AA)
