
EXHIBIT 2

PUKIG3110 USER'S MANUAL
INCLUDING HUMAN EXPOSURE STATEMENT

As required by § 2.1033(c)(3), provided with this filing is an electronic copy of the draft version of the PUKIG3110 User's Manual. This manual provides the user with a complete set of installation and operation instructions, and conditions and restrictions on regarding the use of the PUKIG3110.

Furthermore, as required by § 24.52 RF hazards, § 1.1307(b) and § 2.1093 Radiofrequency radiation exposure evaluation: portable devices:

Intel Corporation. certifies that all emissions, both fundamental and unwanted, from the PRO/Wireless GRPS PC Card, Model IG3110 (FCC ID: PUKIG3110) comply with the RF hazard requirements applicable to broadband PCS equipment operating under the authority of 47 CFR Part 24, Subpart E of the FCC Rules and Regulations. This certification is contingent upon installation, operation and use of the PUKIG3110 in accordance with the instructions provided.

This certification is based upon the results of localized specific absorption rate (SAR) testing performed with the PUKIG3110 installed in three representative host platforms and tested in accordance with FCC OET recommendations. Further details and test results are provided in the SAR test report included with this filing.
