FCC Compliance Statement Compliance Notice:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with FCC Rules Part 15 and with Innovation, Science and Economic Development (ISED) Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux FCC Règles Partie 15 et CNR d'Innovation, Sciences et Développement économique (ISDE) Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Changes or modifications that are not expressly approved by the manufacturer could void the user's authority to operate the equipment.

To comply with FCC and (ISED) Canada RF exposure compliance requirements, the device should be located at a distance of at least 20 cm from all persons during normal operation. The antennas used for this product must not be co-located or operated in conjunction with any other antenna or transmitter.

Le dispositif doit être placé à une distance d'au moins 20 cm à partir de toutes les personnes au cours de son fonctionnement normal. Les antennes utilisées pour ce produit ne doivent pas être situées ou exploitées conjointement avec une autre antenne ou transmetteur.

CAUTION - High Voltage - Disconnect power supply before servicing

Operation temperature: 0-40°C

Type 1 Enclosure

IP20

Pollution Degree 2

Impulse Voltage: 1500V

Type 1B action

Indoor use only.

Use the indoor plug only in conjunction with 15A circuit breakers.

Indoor 2-Outlet Smart Plug Quick Start Setup Guide

Let's Get Started

You've chosen a great way to make your home more comfortable, convenient and easier to control.

Select the set up option that works best for you:

1. Cync App Setup

Use the Cync app to connect and control all your Cync smart home products in one place and access the full range of features.

2. Matter Setup

Connect with Matter to easily work with compatible smart home devices and platforms across your home.

3. Savant App Setup

Unlock enhanced features and connect to more smart home devices using the Savant App (hub required and sold separately).

The quick start guide can help you choose the one that works best for your home.

Get Started With Cync

Enable all Cync features

Plug in and power on your Smart Plug.

Scan QR code to download the Cync app and complete set up:

Get Started With Matter

Connect with other smart products

NOTE: If you already have Cync devices in the Cync App, add your new device to the Cync App, then enable your voice assistant.

Plug in and power on your Smart Plug.

Open your preferred smart home app:

- Google Home
- Samsung SmartThings
- Amazon Alexa
- Apple Home

and scan the Matter QR code or enter the 11-digit code on the device sticker to complete setup.

Get Started With Savant

Enhance your smart home experience

Upgrade to the Savant app*.

Unify your connected environment into one integrated experience controlled by intuitive, award-winning software, including:

- Lighting
- Climate
- Entertainment
- Security

Scan to learn more about the Savant Smart Home experience.

*Requires hub/host (sold separately).

Device Control & Charging

Charge phones and tablets using the USB ports.

- USB-A output: up to 12W
- USB-C output: up to 15W
- USB charging ports remain powered even when the outlets are turned off.

Plug Reset:

Cync app: Press and hold either On/Off Button until the LED indicator turns red.
Savant app: Press and hold either On/Off Button until the LED indicator alternates red and green.

For set up help, visit support.gelighting.com or call 1-844-302-2943
